Ma'am Marites A. Ibañez, CESO V
School Division Superintendent

Dear Ma'am:

We greet you in the name of our Lord Jesus Christ!

The Philippine Values Education Program (PVEP) is an interdenominational, non-profit, non-stock organization, partners with different learning institutions on moral recoveries and values formation of the learners through Christian Values Education Programs.

The soul of this program is in line with our National Motto and DepEd Core Values: "MAKA-DIYOS, MAKATAO, MAKAKALIKASAN, AT MAKABANSANG". PVEP would like to help schools on strengthening learner's ethical and spiritual values, using God's Word as our guiding principle. We believe it all starts with the values of being "MAKA-DIYOS". Once the learner's perception and relationship with God is established, the fear of God and moral character transformation will follow.

PVEP started in 2007 in a remote municipality of Mountain Province with only a few dedicated volunteer teachers. From its humble beginning, we have seen its expansion as a result of more partnerships with the Department of Education through various school divisions in the different parts of the region. It is with great delight to share with you that for the past 17 years, by God's grace, we are now reaching approximately 133,000 Students with 2,600 Public Schools in 23 Provinces and 9 Regions nationwide.

We want to share with you a few observations based on the reports of our volunteers, and the testimonies of parents and teachers. These are the noticeable changes and improvements in the character of the students: the delinquents became enthusiastic in their classroom attendance; the rowdy and disrespectful became courteous and polite; and stealing and fighting were minimized. *(Attached are some of the testimonies)*

PVEP supports the Republic Act No.11163 which states that the government shall aid and encourage the development of the moral character and spiritual foundation of the Filipino people as a predominantly Christian nation and the largest Christian nation in the Asia Pacific, this Act recognizes the value of the Holy Bible as the core of Christian faith.

Our teacher's manual is now aligned to the DepEd Most Essential Learning Competencies (MELCs) which supplements and empowers Values-related subjects. *(Attached are the PVEP Lessons parallel to MELCS Topics)*

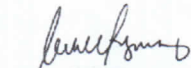

We enjoin you to the new development of our Education system toward a better and more promising future for Filipino learners. It is our prayer that you give us your permission to teach values education in your school.

Thank you for your favorable action on this request.

Sincerely,

The PVEP Team

Testimonies from Students, DepEd Teachers, and PVEP Values Coaches

Values Education is important in molding the values formation of the pupils. Our school is blessed to have teachers from a Christian church to teach our learners. Every time they had their class in values they are excited because they learn to memorize verses from the Bible and learn to apply what they learned. *To us teachers, we notice our learners become respectful. They have love and care for their classmates and for everybody.* GOD BLESS!

MADAM NONIE C. PALINO, School Principal
San Manuel Sur Elementary School
San Manuel Sur, Agoo, La Union, Philippines

Philippine Values Education Program (PVEP) started in the school of Blagan through the initiative of Genisa Lintang, she wrote a letter to the school asking for permission to have a class on values which was approved by the principal of the school. Before the values class started the students were focused on the academic aspect but when the values class was approved the students increased their knowledge. Like the stories of the Bible, verses, and most of the entire lesson which God wants to convey. *The continuous learning of good manners has an effect on the students practicing them. Conducting lessons on values gives satisfaction and helps the students to be good and exemplary individuals in the community.* Values have a really big help in reminding the students not to forget the importance of good manners and put into practice what was learned in school.

The topic of Family has a big impact on the youth. They become more open to sharing. (That sometimes they can't tell and show their love to their parents and family members) and that's when I came to know that *half of the class doesn't have a complete parent* (one mother or one father only). Individually, they had an opportunity to pray for their family. All Glory to God.

Way back in 2018, when I'm in my first year in high school at Baggao National School of Arts and Trades – Baggao, Cagayan Valley, there are Values Advocates teaching the Word of God in our school. In my teenage years, I am rude, a thief, an addict, and a problem in school and at home. I become unruly about all of the things and don't care about people. *Then one time while I am listening to the Words of God through PVEP Classes, little by little there was a light in my life that became the way of change.* I can't understand myself at that time. But I encourage myself to read the Bible, I was immersed until I decided to also teach the word of God every vacant and school program. After 3 years, here I am now teaching in the school with PVEP that was prepared by the Lord for my life to reach those like me who had no hope and did not know God.
