**ATTY. ALBERTO T. ESCOBARTE, CESO II**

Regional Director

DepEd CALABARZON

Dear **Atty. Escobarte**:

Warmest greetings from the faculty and staff of the University of the Philippines (UP) College of Education!

The University of the Philippines-Diliman College of Education will hold the **11th International Conference on Teacher Education (ICTED)** from **13 to 15 November 2024 in Iloilo Convention Center, Iloilo City**. The UP College of Education has been organizing this conference biennially for the last 20 years. This conference attracts about 350 to 400 teacher trainers and educators, administrators, academics, researchers, policy makers, and education students from the Philippines and overseas.

The theme for the ICTED 2024 is ***Preparing Teachers for Education 5.0 Toward Sustainable Futures: Thrusts, Challenges, and Praxis***. This conference aims to gather teacher educators, researchers, policy makers, students, and allied professionals to share experiences and diverse perspectives. We envision this conference to examine the extent of how advances in technology have resulted in changes in education [thrusts and praxis]; and underscore that technology should serve the best interests of both learners and teachers (UNESCO Global Education Monitoring Report, 2023).

Hopefully, ICTED 2024 will advance careful, appropriate, equitable, and sustainable use of technology in education and reiterate the importance of using technology for a more humanized teaching [challenges]. The theme also covers key aspects of Education 5.0, such as generative AI, virtual and augmented reality, and other inventive tools in the context of teacher education and professional development.

We eagerly anticipate the participation of the DepEd CALABARZON in the 11th International Conference on Teacher Education and look forward to engaging in meaningful discussions and collaborations to shape teacher education toward sustainable futures.
