### **INVITATION TO ROBOTICS TECHNOSHOP**

With reference to the invitation to participate in the activity by Edustria High School titled "Robotics Technoshop," attached is a copy of a letter from the Executive Director, Glorielyn L. Camerino, PhD, containing the details of the workshop.

The division has agreed to this request under the condition that participation is voluntary, and each student will be accompanied by their parent/guardian.

The host will provide snacks for the participants, while the participants are responsible for their transportation and other meals. Additionally, no registration fee will be collected from the participants.

For the information and guidance of all concerned.

**Dr. Marites A. Ibañez**

Schools Division Superintendent  
Division of Batangas Province  
Batangas City

Dear **Dr. Ibañez**,

**Warm greetings from Edustria High School!**

In collaboration with our parent institution, the Technological Institute of the Philippines – Computer Engineering Department, Edustria High School is pleased to announce its 4th Annual ROBOTICS TECHNOSHOP with the theme "Starting Them Young in Industry 4.0," to be held on October 25, 2025, at Edustria High School, The Outlets at Lipa, Lipa City.

This event is designed to introduce Grade 6 and Grade 10 students to the foundational concepts of robotics through age-appropriate, engaging, and hands-on activities that foster early interest in Science, Technology, Engineering, and Mathematics (STEM), aligned with the demands of Industry 4.0.

This event aims to provide a meaningful and enriching learning experience that fosters critical thinking, creativity, and collaboration. The program will feature two main components:

- (1) Introduction to Robotics, which provides general knowledge on robotics and its real-world applications; and
- (2) Programming and Problem Solving, where students will manipulate robot kits to complete tasks using basic programming concepts.

In line with Edustria Incorporated's commitment to prepare students with life skills, we respectfully request the endorsement of your esteemed office to encourage participation from public and private schools within your division.

Your support will help us reach more learners and further our goal of nurturing future-ready Filipino students.

Thank you for the continued guidance and partnership in promoting quality and innovative education. We look forward to your favorable response.

Sincerely yours,

**Glorielyn L. Camerino, Ph.D.**  
Executive Director
