1. Pursuant to R.A. No. 10354, known as the Responsible Parenthood and Reproductive Health (RPRH) Act of 2012, under Section 11.03 of the Implementing Rules and Regulations (IRR) states that DepEd shall provide young people in public schools with supportive environments where they have access to (a) Counseling and psycho-social support services; (b) Facilities for information on prevention of risky behaviors, including addiction; (c) Facilities for information on prevention and diagnosis and proper management/treatment of STIs; and (d) Facilities for referral to service providers on all RPRH.
2. Furthermore, DepEd Order No. 28, series of 2018 or the Oplan Kalusugan sa Department of Education (OK sa DepEd) defines an Adolescent Reproductive Health Education (ARH) program as a program that aims to strengthen DepEd's delivery of its mandates under the RPRH Act of 2012, through a guidance and counseling program by enhancing capacities of guidance counselors or designated homeroom guidance teachers and selected non-teaching and health personnel, and develop a referral network to service providers for RPRH concerns.
3. A learner Support Center will serve as the center for information, providing a supportive, accessible, and confidential environment. It also provides guidance on positive sexual behaviors. It serves as a hub for learners with health, psychosocial, and RPRH concerns and other learner support services. It will also serve as an avenue for referral mechanisms to the community adolescent-friendly facility.
4. Structurally, schools may assign a room or corner as LSC. It can be an existing space, a separate space within the school premises, or an available room but not used as a classroom, where adolescents can congregate and receive information and services. Considering the sizes and the limited space, schools may provide a room or sufficient space for privacy and confidentiality that can be used for guidance or counseling. The center shall have the following areas, at the minimum:
