DIVISION MEMORANDUM
No. 567, s. 2025

**ENHANCING VALUES EDUCATION THROUGH ARTIFICIAL
INTELLIGENCE APPLICATIONS: INNOVATIVE APPROACHES TO
TEACHING AND LEARNING
BATCHES 1 and 2**

TO: OIC-Assistant Schools Division Superintendent
Chief – Curriculum Implementation Division (CID)
OIC- Chief – School Governance and Operations Division (SGOD)
Education Program Supervisors
Public Schools District Supervisors
School heads and Head Teachers– Elementary and Secondary
Master Teachers, Teachers – Elementary and Secondary
All Others Concerned

1. The Schools Division Office of Batangas Province, steadfast in its commitment to learners' growth and well-being, is set to launch a comprehensive initiative that explores the transformative role of Artificial Intelligence (AI) in education. Titled "Enhancing Values Education Through Artificial Intelligence Applications: Innovative Approaches to Teaching and Learning," this undertaking aims to revolutionize learning experiences and outcomes by equipping Values Education teachers with a solid understanding of AI's educational applications. The program will highlight essential aspects of AI such as personalization, assessment, accessibility, inclusivity, and teachers' readiness, while placing strong emphasis on ethical responsibility.

2. This initiative is firmly aligned with DepEd Order No. 21, s. 2019, which highlights the importance of developing 21st Century Skills, particularly within the domain of Information, Media, and Technology Skills. It also upholds the objectives of DepEd Order No. 010, s. 2024, which articulates the guiding principles of the Enhanced K-12 Curriculum. By integrating AI into teacher training, the program fosters a dynamic and inclusive learning environment that equips both educators and learners to meet the evolving demands of modern education, while ensuring strict adherence to ethical standards in the use of AI.

3. By the end of the training, participating teachers are expected to proficiently integrate Artificial Intelligence into their instructional practices, with emphasis on ethical responsibility and the promotion of 21st Century Skills—culminating in demonstration teaching. Specifically, ENVISIONAI seeks to:

- a. Enable teachers to demonstrate their knowledge of AI principles and technologies through written assessments, practical applications, and discussions;
- b. Strengthen teachers' confidence and enthusiasm in adopting AI tools in classroom practice, with the development of MATATAG-aligned lesson plans serving as a springboard for innovation; and
- c. Cultivate teachers' ability to adapt teaching strategies based on real-time feedback and student engagement, showcasing their acquired competence during demonstration teaching.
