INDIVIDUAL DEVELOPMENT IN SCIENCE FOR SCHOOL YEAR 2026–2027**

The Andromeda Mobile Planetarium, an affiliate member of the Philippine Astronomical Society, will conduct its school-based activity on Strategic Individual Development in Science in various schools for the school year 2026–2027. The activity is intended for elementary and secondary learners, teachers, and community participants.

The activity aims to

- upgrade teachers on the trends related to Astronomy;
- implement fun, interactive, and educational activities that would serve as a helpful discussion starter and teaching tool;
- aid teachers in stimulating and sustaining the interest of the learners using visual presentation and simulations; and

The event will feature a series of engaging and educational activities designed to improve science learning through hands-on experiential approaches. These consist of lectures and discussions, film screenings, and simulations.
