GLOBAL CONSUMER INTELLIGENCE COURSE 2026

The Matsuo-Iwasawa Laboratory of the University of Tokyo, Japan, through the Embassy of Japan in the Philippines, announces the offering of the Global Consumer Intelligence (GCI) Course to be conducted from April 8 to July 8, 2026.

The GCI Course is a free, three-month intensive online program offered by the Matsuo-Iwasawa Laboratory of the University of Tokyo. It is designed for aspiring data scientists and introduces learners to data science, artificial intelligence (AI), including Python programming, machine learning, SQL, and practical business applications.

The program aims to equip learners worldwide with essential digital and analytical skills through a comprehensive learning experience that integrates foundational concepts with real-world business data applications.

Target participants include beginners in AI and Data Science, career and academic growth seekers, business-oriented learners, and future entrepreneurs.

Interested applicants must complete their online application by April 2, 2026.

Details on the course and application process can be found on the University of Tokyo's Matsuo-Iwasawa Laboratory website through this [link](#).
