22nd NATIONAL CIVIL ENGINEERING SUMMIT:
BRIDGE BUILDING COMPETITION 2026

The University of the Philippines Association of Civil Engineering Students, a premier student-led organization within UP Diliman's College of Engineering, is proud to announce the Bridge Building Competition (BBC), to be held on September 19, 2026, as part of the 22nd National Civil Engineering Summit (NCES), a series of events scheduled to begin in September 2026.

The BBC, now in its 22nd iteration, stands as a flagship event of NCES, highlighting its mission to promote civil engineering nationwide. As the summit brings together thousands of aspirants, students, faculty, and professionals, the BBC provides a platform that fosters early interest in engineering, teamwork, and innovation by giving students a hands-on opportunity to design and construct strong, economical, and aesthetically pleasing bridges using limited materials in a time-pressured environment.

The NCES BBC 2026 is open to high school students (Grades 7-12).

Interested participants may register through this link from June 8 (7:00 p.m.) to July 24 (7:00 p.m.), 2026: <http://upaces.org/2026NCESRegBBC>

Participation of schools shall be purely voluntary and will not hamper instructional time in compliance with the provisions of DepEd Order (DO) No. 009, s. 2026, titled Guidelines on the Implementation of the Three-Term School Calendar in Basic Education and Activities and DO 9, s. 2005 titled Instituting Measures to Increase Engaged Time-on-Task and Ensuring Compliance Therewith and the policy on off-campus activities stated in DO 66, s. 2017.

This is also subject to the no-collection policy as stated in Section 3 of Republic Act No. 5546, also known as An Act Prohibiting the Sale of Tickets and/or the Collection of Contributions for Whatever Project or Purpose from Students and Teachers of Public and Private Schools, Colleges and Universities (Ganzon Law).
