This is to justify the accommodation arrangement during the conduct of the Division Capability Building on Gender and Development: Mainstreaming GAD in Development Plans held at NDN Resorts and Hotel, Brgy. Aya, Talisay, Batangas on June 3-5, 2026.

The total number of participants for the activity was one hundred fifty-three (153). However, the venue could only provide thirty (33) available rooms which can accommodate a maximum of one hundred thirty-two (132) participants based on the prescribed room occupancy.

Considering the remaining twenty-one (21) participants who could no longer be accommodated under the standard quad-sharing arrangement, the use of family rooms was deemed necessary. Said family rooms, which are equipped with two (2) comfort rooms each, were utilized not for the usual quad-sharing arrangement but as an alternative accommodation setup to address the limited room availability of the venue. This arrangement was deemed necessary to comfortably accommodate the participants while ensuring their convenience, welfare, and proper billeting throughout the duration of the activity. The use of family rooms also helped prevent overcrowding in the standard rooms and ensured that all participants were provided with safe and adequate lodging accommodations.

This justification is being issued to explain the necessity of the room arrangement due to the limited accommodation capacity of the venue relative to the total number of participants.
