Enclosure 1

**REGIONAL GUIDELINES ON THE MONITORING OF THE
PRIVATE SCHOOLS PARTICIPATING IN THE
GOVERNMENT ASSISTANCE AND
SUBSIDIES (GAS) PROGRAMS**

I. Introduction/Rationale

RA 8545 or An Act Amending Republic Act No. 6728, Otherwise Known As "An Act Providing Government Assistance To Students And Teachers In Private Education And Appropriating Funds Therefor," Establishing A Fund For The Purpose Of Subsidizing Salaries Of Private School Teachers, And Appropriating Funds Therefor specifically section 2 which states that "The state in conformity with the mandate of the Constitution, to promote and make quality education accessible to all Filipino citizens. The State also hereby recognizes the complementary roles of public and private educational institutions in the educational system and the invaluable contribution that the private schools have made and will make to education. For these purposes, the State shall provide the mechanisms to improve quality in private education by maximizing the use of existing resources of private education, recognizing in the process the government's responsibility to provide basic elementary and secondary education, post-secondary vocational and technical education and higher education as having priority over its other functions".

The public and private schools complementarity in educational institutions reflects the creation of the Government Assistance and Subsidies (GAS) programs since the main goal is to provide quality basic education through decongestion of the public schools in secondary levels.

Moreso, DO 88 s. 2010 Section 183 discussed the policies and guidelines for the government assistance to students and teachers in Private Education at the Basic Education Level specifically stated that "the ESC and EVS grants cover four (4) years of secondary school from 1st year to graduation. They can start only at the first year level. No new grants shall be awarded at the higher levels."

RA 10533 or the Enhanced Basic Education states that "Expansion of E-GASTPE Beneficiaries, section 21 further explains that "Pursuant to Section 10 of the Act, the DepEd shall develop programs of assistance that will extend the benefits accorded by Republic Act No. 8545 or the "Expanded Government Assistance for Student and Teachers in Private Education Act", to qualified students enrolled in senior high school".

The Government Assistance and Subsidies (GAS) Programs are the following:

Educational Contracting Services (ESC) is a partnership program by the Department of Education aimed at decongesting overcrowded public junior high schools.

Teacher Salary Subsidy (TSS) a program where an annual government subsidy is provided to qualified teachers in the ESC-participating JHSs. Such teachers are called TSS recipients.

Senior High School Voucher Program (SHSVP) a program of financial assistance wherein subsidies in the form of vouchers are provided to qualified SHS learners in VP participating SHSS.

To ensure that the participating private schools adheres with the guidelines and provisions of all the relevant issuances on the implementation of the Government Assistance and Subsidy (GAS) programs to learners from Grades 7 to 12 including the Teacher Salary Subsidy (TSS), the Region provides the clear guidelines on monitoring the implementation of these programs through the assistance of the Schools Division Offices (SDOs).
